Dear SBTC members,

Jere Glover  
Executive Director

Larry Nannis  
Treasurer

The Small Business Technology Council is proud to announce the roll out of our new, remodeled website. This new site is designed to be a sleeker, more intuitive presentation, with all the most important information and documents immediately available and easy to find.

Some of the new features added to our site include: a new search tool at the top of the page, Important Resources & Documents moved to the front page to make them easier to browse and find, and tweets from NSBA's twitter feed updated daily. We've also gone to a completely open site, eliminating the password protected members only page.

The SBTC will continue to refine and edit the website in the coming weeks and months, so expect to see some further updates in the future. We hope you find the new site easier and more convenient to use.
